

Ci5000/Ci4400/Ci4000 Weather-Ometer[®] Workshop 2018

Presented by Atlas Material Testing Technology LLC

Course Dates & Locations

- **Mount Prospect, IL**
Atlas Material Testing Technology LLC
April 18, October 10, 2018

Course Objectiv

A dedicated course for the operators of the latest in weathering technology: the Atlas Ci5000, Ci4400 and Ci4000 Xenon Weather-Ometers! This full-day course guides you through basic operation, calibration, and maintenance. Plus, you'll learn how to navigate the state-of-the-art controller to conduct on-line calibration, set up custom test programs and troubleshoot through comprehensive diagnostic screens.

Registration and Confirmation

The workshop is held at Atlas Material Testing Technology LLC located at 1500 Bishop Court, Mount Prospect, IL 60056. Hotel details and rates are provided upon request.

The registration fee for the Ci Weather-Ometer[®] Workshop is \$550.00 per person. Registration includes continental breakfast, lunch, and course materials. Advance registration is required for attendance.

For your convenience, Atlas accepts Visa, MasterCard, American Express for attendance at Client Education events. A confirmation will be sent to you via e-mail upon receipt of your registration form.

To register please email sandra.schneider@ametek.com.
